

ACKNOWLEDGEMENTS

Development Team

Railroad Commission of Texas, Alternative Fuels Research and Education Division

Dan Kelly, Ph.D, Director
Juline Gurasich, Curriculum Coordinator
Scott Rolfe, Graphic Designer
Carmen Ledesma, Executive Assistant

Funding provided by

Texas State Energy Conservation Office
U.S. Department of Energy

Special thanks to the following contributors:

Technical Reviewers

Charles Joseph Albert, Ph.D.

ACI/Zytec Consulting – San Francisco, California

Former Director, Air Quality Program, City of Austin. Contracts include emission inventory and modeling, study of alternative fuels and ozone alert days. Degrees from the University of California at Berkeley and Texas A&M University.

Edward Bass, P.E.

Application Engineering, Allison Transmission Division, General Motors Corporation

Responsible for specification, development, and testing of engines and energy storage systems for heavy-duty hybrid electric vehicles. Manager, Advanced Vehicle Technology at Southwest Research Institute, San Antonio. Curriculum Committee Chairman, Trinity University Engineering Department Board of Advisors. B.S. in Engineering Science from Trinity University; M.S. in Mechanical Engineering, University of Texas at San Antonio.

Byron J. Bailey, M.D., F.A.C.S.

Chairman, Department of Otolaryngology, University of Texas Medical Branch

Recipient of Harris P. Mosher Award for Outstanding Research and Presidential Citation.

Editor, American Medical Association *Archives of Otolaryngology* and *Yearbook of Otolaryngology*. Editor, *Laryngoscope*. Advisor, National Institutes of Health. Chairman, Committee on Biodiversity, National Association of Physicians for the Environment. B.A., University of Oklahoma; M.D., Oklahoma University School of Medicine.

**Byron Caffey**

Assistant Director LP-Gas Safety, Gas Services Division, Texas Railroad Commission

Works with the LP-gas industry to develop rules and regulations. Conducts training programs for organizations related to the propane industry. LP-gas equipment inspector for 12 years. B.S., Southwest Texas State University.

Allan Campion, Ph.D.

Professor of Chemistry, University of Texas at Austin

Recipient of Jean Holloway Award for Teaching Excellence and numerous other awards as a distinguished teacher. Recipient of Coblenz Memorial Prize in Molecular Spectroscopy. Member, National Research Council Board of Assessment for National Institute of Science and Technology programs. Author of more than 120 publications in refereed journals, more than 100 invited lectures at universities, government and industrial laboratories, and scientific conferences worldwide. B.A. in chemistry, Ph.D in chemistry, University of California, Los Angeles. NSF National Needs Postdoctoral Fellow, University of California, Berkeley.

Terri Edison

Business Development Director, Kolar Advertising and Marketing

Twenty-five years experience in advertising and public relations. Visiting lecturer at Austin Community College and University of Texas at Austin. Undergraduate degree from St. Edward's University, Austin, Texas.

Carroll Johnson, Ph.D.

Associate Professor Emeritus, Mechanical and Industrial Engineering Department, University of Texas at El Paso.

Taught engineering economic analysis, operations research, project management, and systems design. B.S. in mathematics, Baylor University; M.S. and Ph.D. in Industrial Engineering, Texas A&M University.

Thomas R. Lalk, Ph.D.

Associate Professor, Mechanical Engineering, Texas A&M University

Teaches Engineering Design, Combustion, Internal Combustion Engines, Thermodynamics, Fluid Mechanics, Instrumentation and Measurement, Experimentation, and Heat Transfer. B.S., M.S., and Ph.D. in mechanical engineering, University of Wisconsin-Madison.

Donald J. Lewis

Fleet Manager and Coordinator, Alternative Fuels Group, Texas Department of Transportation

Member, International Association for Natural Gas Vehicles and Society of Automotive Engineers. B.S. in electrical engineering and computer science, University of Texas at Austin.

**Amos Salvador, Ph.D.**

Professor Emeritus, Department of Geological Sciences, University of Texas at Austin

Worked 30 years in the oil industry, predominantly with Gulf and Exxon Corporation.

Current research on supply and demand for fossil fuels and estimating energy sources for the next century. B.S. equivalent in geology from Central University, Caracas, Venezuela; Ph.D in geology, Stanford University.

Jane Smith

Teacher, R.L. Turner High School, Carrollton, Texas

Has taught Chemistry I and Advanced Placement Chemistry for 17 years. B.S. in chemistry, M.Ed., Austin College.

Barbara ten Brink, Ph.D.

Science Director, Round Rock Independent School District, Round Rock, Texas

Directs science instruction; curriculum; assessment; teacher training; facilities design; laboratory safety, and materials acquisition. Education Specialist for Texas Education Agency. Instructor and supervisor of elementary science methods and student teachers for the University of Texas. Instructor of elementary science methods and freshman biology and geology for Southwest Texas State University. Program Advisor and Activities Writer for Harcourt School Publishers. Director, Austin Area Science Fair and Festival. Director, Conference for the Advancement of Science Teaching. President, Council for Elementary Science International. Board of Directors, National Science Teachers Association. President and co-founder, Texas Council of Elementary Science. B.S. in Elementary Education from Texas Tech University, M.S. in biology, Southwest Texas State University, Ph.D in science education, University of Texas at Austin.

Mary Walker, Ph.D.

Director of Advanced Placement Initiatives, University of Texas at Austin

Develops and implements the UT Master Teacher Summer Institutes, a secondary science and math teacher preparation program. Administrative Supervisor of Science and Health Programs, Austin Independent School District. Taught pre-advanced placement and advanced placement high school chemistry; science department chair for eleven years in Austin ISD. Research scientist, St. Jude's Children's Research Hospital, Department of Tumor Cell Biology. B.S. in science education, M.S. in biochemistry, North Carolina State University. Ph.D in biochemistry/chemistry, University of Texas at Austin.
